## PIRATES OF THE CARIBBEAN: DEAD MAN'S CHEST
(2 hours and 30 minutes)

The key of this movie is a "key" of a chest which the heart of Davy Jones is in. Davy Jones is a new enemy with legs of octopus on his face.

William Turner and Captain Jack Sparrow looked for the key and chest for their own purpose. Will's purpose is to help his fiancé Elizabeth. Jack's purpose is...?

Will, Jack and Elizabeth possibly get the key and the chest. But Davy Jones released his very large octopus monster. Jack was stranded on the ship by Elizabeth. Eventually the monster swallowed it !!! What will become of Jack Sparrow?

I liked the scene that Jack was escaping from a certain people. It was so funny that I couldn't help laughing. I like this movie, but it is not so exciting as the first one. I expect the next to be more interesting and amusing. I want to see Part 3 soon!
